

Sunday, May 16th Practice

1. Open page: <http://www.99-bottles-of-beer.net/>
2. **Open menu** Browse Languages
3. Select menu J
4. Find language "Java"
5. Assert the header "Language Java"

If you easily created the first test, you can write another test:

1. Open page: <http://www.99-bottles-of-beer.net/language-java-3.html>
2. Go to Voting, make a choice
3. Click Vote button
4. Assert the header "Voting"
5. Assert the text "Thank you. Your vote has been counted." or Error
6. Assert the link Back
